

4BBB Par Format

- Two players play as partners and proceed as in a normal Par competition. (See Par Format).
- Record the best score of the pair. If one beats her net par, (+) and the partner is even (0) 'halved', the better score is recorded under that player's name.
- If one player halves the hole (0) and her partner bogeys the hole, (-) the half is recorded under that player's name and so on.
- Record the winning strokes of all holes and MiScore progressively calculates the score.
- If using Cards:
 - Calculate the strokes your handicap allows you on each hole.
 - As each of the holes are completed, enter the strokes of the better score to the respective player, along with its corresponding symbol; +, - or 0.
 - After holes 9 and 18, deduct the minuses from the pluses to arrive at the team's total score.
